### ABOUT ME

I'm ambitious, easygoing and broad-minded by nature. My sociability is expressed in a large number of friends. Flexible is another character of my personality. It is very easy for me to adapt to changes and learn something new. I am always ready to help and share my thoughts.

My global goal is to become a mentor and be able to educate others. For me it is very important when person working on himself constantly, acquiring the professional skills and training his brain like muscles. Today I am looking for a job place in the company where I can learn with cool people. I am sure that I will not make you disappointed in me!
